WORK EXPERIENCE

Software Developer — SoftRadix Technologies, Mohali

Jan 2025 – Present

- Built web applications and REST APIs using Laravel, Eloquent ORM, and React.js for platforms serving multiple user roles.
- Developed REST APIs consumed by React (Axios) frontends and mobile apps, secured with JWT-based authentication.
- Integrated the Stripe payment gateway for secure online transactions across the Sheydance, Manvik, and Telecey platforms.
- Built Sheydance, a multi-role booking and hiring platform, using Laravel, MySQL, and the Google Maps API.
- Organized business logic into service classes to reduce duplicate code and keep controllers clean and maintainable.
- Optimized MySQL queries and indexes to reduce API response times.
- Worked with other developers and DevOps through Git and CI/CD deployment cycles.

Software Developer — RV Technologies, Mohali

Feb 2022 – March 2024

- Developed and maintained Laravel web applications with JavaScript and jQuery.
- Built REST APIs supporting frontend integration and data processing.
- Improved MySQL performance by adding indexes and rewriting slow queries.
- Reused service layers and common patterns to reduce repeated code and ease future maintenance.
- Delivered features in a 3–5 member agile team with on-time releases.

Web Developer — Rankers Media (Palabras Pvt Ltd), Mohali

Feb 2020 – July 2021

- Built backend modules and APIs using PHP and CodeIgniter for the Class Rankers ed-tech platform.
- Designed and optimized MySQL schemas to improve data retrieval speed.
- Worked with frontend developers to define API contracts and improve data flow.
